

OBJECTIVE

We provide top quality loss adjustment services worldwide in a range of specialist fields.

RESOURCES

We employ over 140 specialists with university degrees (engineers, economists, lawyers, architects, etc), with an average of 20 years' experience.

EXPERIENCE

We appraise over 25,000 incidents per year, including many which have major financial impacts on the insurance and reinsurance markets.

CUSTOMERS

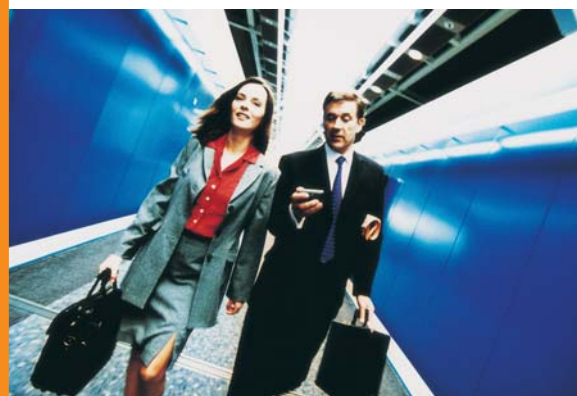

Leading insurance and reinsurance companies at home and abroad.

GEOGRAPHICAL PRESENCE

Over 25 offices distributed throughout Spain.

A significant presence throughout Latin America, with our own offices in Brazil, Mexico and Argentina.

Partnerships with local loss adjusters enable us to extend our services through the Middle East, Asia, the USA and North Africa.
